# WHO WE ARE

**We bring Passion And Expertise To Your Vision And Create Breathtaking Spaces**

GLORY HOME, founded in 2017. We are factory for furniture products and wooden crafts for more than 6 years, for the people and organizations who are looking for quality, commitment, speed and accuracy. As a furniture factory and an interior design office have experience that allow us make expectation to reality and offer exclusive solutions for any need. Our journey start by design ends by manufacture home furniture, commercial furniture and furniture for contract projects, we also can implement any 3d model and make it come to reality

# WE ARE THE INNOVATORS

WE MAKE YOUR DREAMS  
AND NEEDS COME TRUE  
IN ONE FORM

We started in 2012 as a full service engineering company. And now we are more professional in the field of interior design and decoration and furniture industry

**Choose the Future Now....**

## OUR PHILOSOPHY

**Our philosophy** behind creating fluid and elegant spaces is that they are born of understanding the aspirations of the client, the relevance of the location and maximizing the potential of the existing elements of the space, then developing this with imagination and vision (3d pictures). The result is an interior that tells a story in relation to its location, the consideration of the four walls in which it exists, and most importantly reflects in essence the client's individuality... A successful interior should enhance, not dictate the way you live.

**Our involvement** ranges from purely consultative to the complete delivery of high-end architectural design projects. Our belief is that an unparalleled understanding of the project and the client's needs is fundamental to creating distinct and modern environments.

## OUR ENGINEERING OFFICE

It is located in cairo masr el gadeda region el hegaz street

They draw our designs by 3d max for high accuracy result

Making 3d drawing for any project by all details for accuracy result

## OUR FACTORY

located by Ring Road The factory is equipped with a set of cutting-edge CNC machines - perforation - thermal scrapping - thermal pistons - emery surface - automated toning machines, in order to cut the human intervention in the production process to minimum, while raising the standards of the product itself. We have equipped not only our factories but also our minds to understand and achieve client's goal.

## OUR STRATEGY

QUALITY AND QUANTITY  
NOT ONLY QUALITY BUT  
ALSO QUANTITY

OUR PRODUCT COME WITH  
GRANTEE TO INCREASE THE  
TRUST

# OUR DESIGNS
